

3-phase regulating transformer

Modern regulating transformer for industrial applications in air- and oil-cooled design for motoric regulation.

Air cooled regulating transformer

Technical Data:

U AC:	from 230V up to 420V
Current:	from 10A to 800A
Regulation:	range 0 - 100%
Designed for:	100% duty cycle
Ambient temperature:	35°C and higher temperatures on request
Control:	with a PLC, interface like Profibus or a remote control
Available in:	air- and oil-cooled design
